STAT

SUBJECT: SSCI Markup of FY '89 Intelligence  
Authorization Bill

1. On April 29, 1988, the Senate Select Committee on Intelligence (SSCI) voted to "markup" and report out its version of the Fiscal Year 1989 Intelligence Authorization bill. A copy of the bill as printed is attached. Also attached is a chart comparing the provisions in the SSCI bill with those in the bill previously reported out by the House Permanent Select Committee on Intelligence (HPSCI).

2. The following are provisions of particular interest.

3. Mole Relief Reopener. Section 501 is the Administration proposal for a one-time, "reopener" of the 1981 "mole relief" authority. The SSCI adopted the HPSCI addition to the proposal requiring Congressional notification prior to any use of the authority.

4. FERS 2nd Chance. Section 502 is (with some modification in language) the Administration's proposal to amend the Central Intelligence Agency Retirement and Disability Act (CIARDS) to allow certain employees designated into that system a "second chance" to elect into the Federal Employees Retirement System (FERS).

5. Advisory Committee Provision. Section 503 is a provision permitting the Director of Central Intelligence (DCI) to reimburse retired military members of DCI Advisory Committees for their committee service.

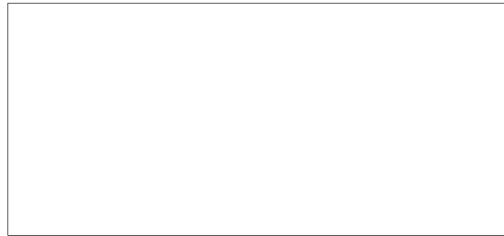

6. Inspector General. Section 504 is a section amending the Central Intelligence Agency Act of 1947 so as to impose certain requirements with respect to the functioning of the Agency's Inspector General.

7. Other Provisions. Also included in the bill is a provision for a "demonstration project" for increased pay and allowances at the Federal Bureau of Investigation's New York City Field Office (Section 601) and a provision giving the National Security Agency additional authorities with respect to certain foreign cryptological support activities.
